August –Sept., 2019

NIGERIA EVANGELISM AND ITS PROGRESS:

Every month of August every year is always a busy month of evangelical activities in Nigeria. Schools are always on long vacations. Attendance in most bible lectureships ranges from 500 to 10,000 people.

The bible lectureship held in Nigerian Christian Bible College, Ukpom, Akwa Ibom State carried an attendance of over 8000 people and was blessed with about 123 baptisms within the three days. Chad Wagner and Gary Roeder attended though we missed ourselves.

Evangelical activities such as above were held at different points in Nigeria within this period of the report and there were blessed with good attendance and baptisms.

Under my personal evangelism in my areas of coverage in Ebonyi state God blessed us with 10 baptisms and many prospects through bible studies and WBS programmes coordinated by my WBS Team workers in Afikpo, Ebonyi state.

Mission printing materials are of great importance in our day to day evangelical activities. We pray that our expected container will arrive Lagos soonest. We cannot wait to receive the container the demand for the materials for evangelism is high. Both members and non-members of church

of Christ love studying the bible with the materials. To God be the glory.

See pictures of attendance and baptisms of the bible lectureship mentioned above:

BIBLES DISTRIBUTION TO THE NEW CONVERTS AND WBS STUDENTS WHO HAVE NOT RECEIVED BIBLES FOR BIBLE STUDIES & WBS PROGRAM.

584 bibles and plus donated for evangelism coordinated by Dorris-Chad Mission Center, Afikpo, Ebonyi state.

The first set of beneficiaries – New converts.

One of the ministers of God who demanded copies for their new converts.

The school had a long vacation in the month of August and resumed on 9th September, 2019.

A week before resumption, the staff of D-CICA had one week intensive computer training in the school in which the staff were examined to ascertain performance. See picture during the training:

Computer training for staff is designed to make all the staff of D-CICA computer literates. That will help the tutorial staff impart the same to the kids.

D-CICA has challenge of a space for computer laboratory in the school. She has the land but no fund to raise the block for the computer laboratory which will make the school very special in Nigeria for kids.

May God continue to bless D-CICA with resources for infrastructural development.

Another set of beneficiaries of the bibles- New converts posed with one of my elders.

The kids on their usual sports attire. Over 80% of the kids are on scholarship. Support us to continue this morally sound educational training. We easily catch them young with the true doctrine of our Lord Jesus Christ.

We cash awards the kid that came first to school on the first day of resumption. The kids and the staff were excited.

The announcement for the school's approval by the Ebonyi state government was made in my previous report. The above is the letter of approval issued to us during the holidays. To God be the glory. I will not forget to thank my supporters whose supports during my recent visit to the States helped to achieve the approval success.

MY MOTHER'S ACTIVE COMMUNITY RETIREMENT ON 7TH-8TH SEPTEMBER, 2019

I was glad to witness my mother's retirement age in the community active service. She served as their age grade's Treasurer. She served faithfully and did not bring shame to the children. All the children were proud of her and she very excited to see how excited we were.

We celebrated her and made cake for her to renew her marriage with her better half, my Dad. Both of them were glad. I love my Mum and Dad. They are both Christians in the Lord's church. They love me so much.

They are proud they have me as son and a minister of the Almighty God.
